

## Addition

1- Count each set of objects on each line and write it down.

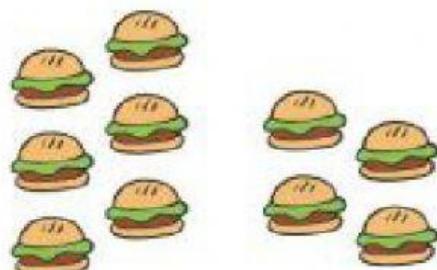

Add them and write the number in the box.

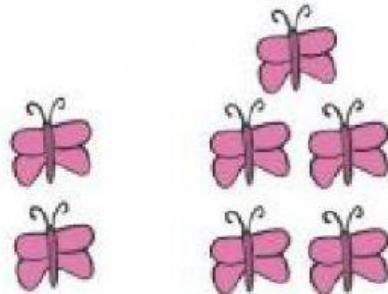

$$\underline{\quad} + \underline{\quad} = \boxed{\quad}$$

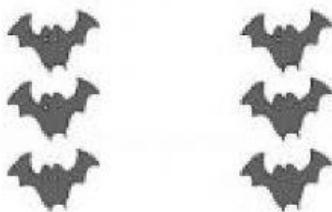

$$\underline{\quad} + \underline{\quad} = \boxed{\quad}$$

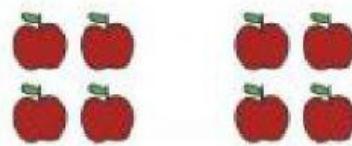

$$\underline{\quad} + \underline{\quad} = \boxed{\quad}$$

$$\underline{\quad} + \underline{\quad} = \boxed{\quad}$$

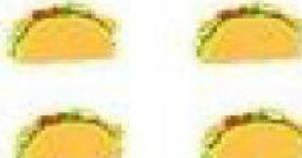

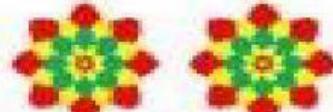

$$\underline{\quad} + \underline{\quad} = \boxed{\quad}$$

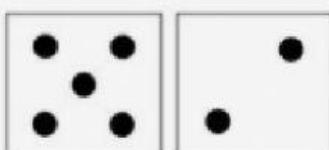

$$\underline{\quad} + \underline{\quad} = \boxed{\quad}$$

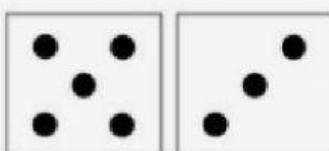

2- Add the two sets, drag the number below, and then drop it in the correct box.

	+		<input type="text"/>	
	+		<input type="text"/>	
	+		<input type="text"/>	
	+		<input type="text"/>	
	+		<input type="text"/>	
<input type="text" value="6"/>	<input type="text" value="3"/>	<input type="text" value="5"/>	<input type="text" value="4"/>	<input type="text" value="8"/>

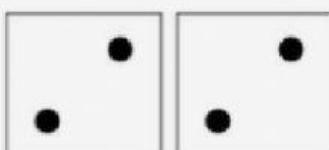

3- Add, and then match.
