money makes the world go round

a penny for your thoughts

penny pincher

in for a penny in for a pound

make big bucks

go Dutch

money doesn't grow on trees

tighten your belt

to live from hand to mouth

time is money

All that glitters is not gold

to be well off

not have two pennies to rub together

it's on the house

As phoney as a three dollar bill

feel the pinch

As poor as a church mouse

in the red

Throw money down the drain

money talks

cost an arm and a leg

my two cents

Cash cow

hit the jackpot

On the money
