

I. Pinta los frutos y traza una línea la cantidad con los números que correspondan

1

3

2

4

5

2. Colorea los dibujos y coloca en un círculo el número que representa la cantidad correcta

3. Colorea y coloca el número que representa a cada cantidad

4. Resuelve las siguientes ejercicios de suma

  
1

+

  
4

=

  
4

+

  
3

=

  
1

+

  
5

=

  
4

+

  
4

=

5. Resuelve los siguientes ejercicios de suma

|                                                                                     |   |                                                                                     |   |  |
|-------------------------------------------------------------------------------------|---|-------------------------------------------------------------------------------------|---|--|
|    | + |    | = |  |
|    | + |    | = |  |
|   | + |   | = |  |
|  | + |  | = |  |
|  | + |  | = |  |

6. Resuelve los siguientes ejercicios de resta

  $3 - 1 = 2$

  $2 - 1 = \bigcirc$

  $3 - 2 = \bigcirc$

  $4 - 2 = \bigcirc$

  $3 - 3 = \bigcirc$

  $5 - 4 = \bigcirc$

7. Resuelve los siguientes ejercicios de resta

|                                                                                                                                                                                                                                                                                                                                                   |  |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
|              |  |
|             |  |
|             |  |
|     |  |
|     |  |
|     |  |
