Reading

1 Read and tick (✓) the jobs in Ollie's family.

Hi, I'm Ollie. The people in my family do lots of different jobs. My mum is a lawyer. She works in an office in town. My dad is a vet. He works in a clinic and he really likes animals. My Uncle Bill is a chef. He loves food! He works in a famous restaurant in London and has to wear a big, white hat. He has to work very hard. My Aunt Vivien is creative. She's an artist. She paints beautiful pictures. My grandpa is a dentist. He looks after people's mouths and teeth. Grandma is a nurse. She has to wear a white uniform. And sometimes she has to work at night.

Writing

5. Read and fill in the blanks.

I want to be a vet when I'm older. A vet is a person *who/where* looks after sick animals. My dad is a vet and I know that vets *must/have* to work very *hard/night*. My dad has a clinic. An animal clinic is a place *who/where* vets work. Sometimes dad *has/have* to work at night when an animal is ill. People often ask me: "Did/do vets have to study hard?" And I say: "Sure, they *have/has* to *went/go* to university". What do you know about vets? *Does/Do* a vet have to study Maths and Science at school? I think so, a vet *can/has* to know Science.
