ESCRITORIO DE WINDOWS

Instrucción: Coloca y señala las partes del Escritorio de Windows. Arrastra a la posición correcta cada cuadro informativo.

The image shows a Windows 10 desktop environment. A screenshot of the desktop is displayed, showing the Start button, taskbar, icons, and background. Four empty boxes are provided for labeling: one on the left for the Start button, one in the center for the taskbar, one on the right for the icons, and one at the bottom for the background. Arrows point from these boxes to the corresponding parts of the desktop. Below the screenshot is a legend with four colored boxes: a red box for 'Botón de Inicio', a yellow box for 'Iconos', an orange box for 'Barra de Tareas', and a purple box for 'Fondo'.
