

姓名：

班级：

✚ 请仔细观看以下教学视频，它和你们要做的练习有关哦。

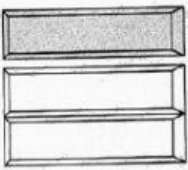

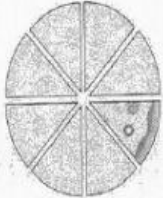

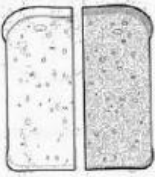

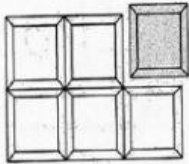

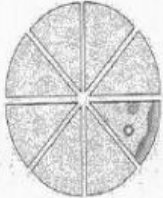

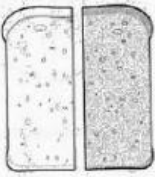

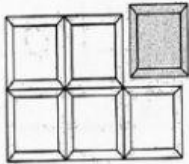

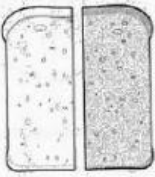

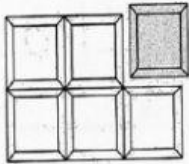

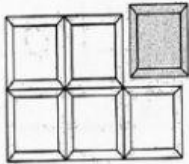

✚ 如果还是不明白的话，你可以私底下告诉刘老师哦。老师会收集题目然后我们安排特定时间进行 Google Meet 讨论功课。

✚ Sila tonton video di bawah dengan teliti, sebab ia ada berkenaan dengan kerja rumah anda.

✚ Kalau anda masih tidak faham, anda boleh pm kepada cikgu. Cikgu akan berkumpul soalan dan atur masa menjalankan Google Meet untuk berbincang soalan tersebut.

A 根据涂黑部分连一连。

|   |                                                                                    |                                                                                   |                                                                                    |                                                                                    |                                                                                    |               |
|---|------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------------|------------------------------------------------------------------------------------|------------------------------------------------------------------------------------|---------------|
| 1 |   |  |   |   |  | $\frac{1}{8}$ |
| 2 |   |  |   |  | $\frac{1}{6}$                                                                      | $\frac{1}{2}$ |
| 3 |   |  |  | $\frac{1}{3}$                                                                      |                                                                                    |               |
| 4 |  |  |                                                                                    |                                                                                    |                                                                                    |               |

B 以文字和数字写出涂黑部分的分数。

例

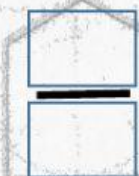

五分之一

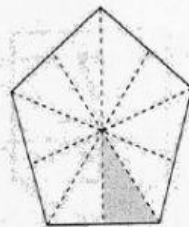

$$\frac{1}{5}$$

1

2

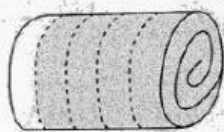

这部分老师会迟些给你们答案哦。你们可以先尝试回答，你可以把答案写在练习簿，过后再检查答案哦。Anda boleh cuba menjawab bahagian ini dengan tulis jawapan dalam buku latihan. Cikgu akan beri jawapan untuk anda semak jawapan selepas ini.

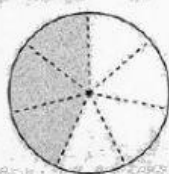

**C** 根据涂黑部分选择适合的答案

1

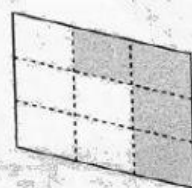

五分之一  
五分之四

2

$\frac{3}{7}$        $\frac{3}{4}$

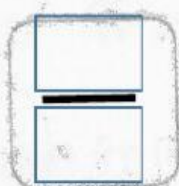

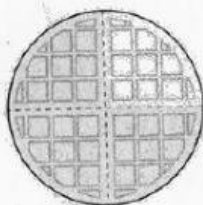

3

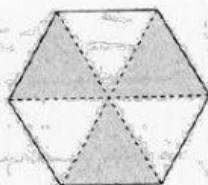

$\frac{4}{9}$        $\frac{5}{9}$

**D** 以数字写出涂黑部分的分数。

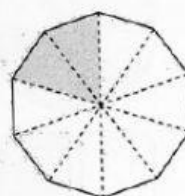

1

2

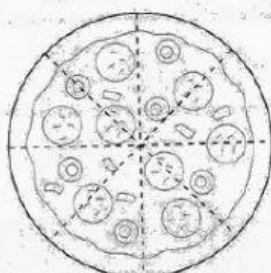

3

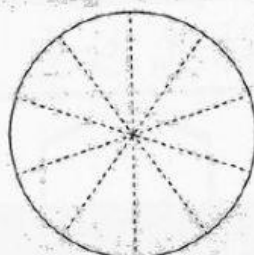

**E** 根据分数，涂上颜色（或画阴影）。

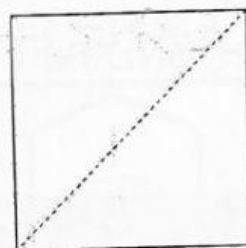

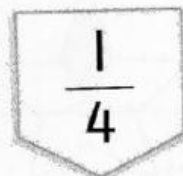

1

2

3

这部分老师会迟些给你们答案哦。你们可以先尝试回答。Anda boleh cuba menjawab bahagian ini. Cikgu akan beri jawapan untuk anda semak jawapan selepas ini.
