

Activity 9

How Does a Plant Grow?

Read. Cut and paste the illustrations according to the sequence of the growth of a plant .

Lee. Recorta y pega las ilustraciones de acuerdo a la secuencia en que crecen las plantas.

First	Next	Then	Last
A <u>seed</u> is planted in the ground or in soil.	From the <u>seed</u> a tiny new plant sprouts.	<u>Roots</u> grow down into the soil and a <u>stem</u> grows up.	<u>Leaves</u> grow and the plant get, taller and stronger.
