

Hi! It's me Caroline. Today, I would like to tell you a little more about my grandfather's house on the farm!

His house is an incredible place! There are many trees, full of fruit. I love climbing on the apple trees.

Do you like apples?

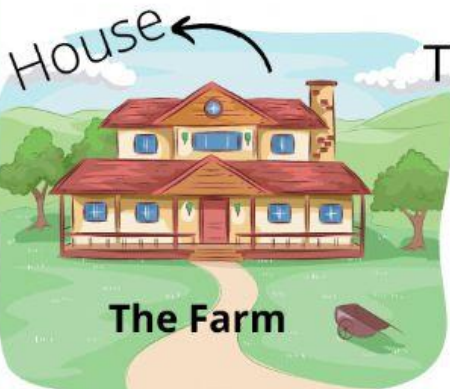

There are also many interesting animals there!

My favorite one is the Mimosa the cow!

I always go to the farm to visit my grandfather. His house is large, with 4 bedrooms, 2 living rooms, 1 kitchen and a very large area.

The farm is my favorite place to go on vacation! And what is your favorite place to go on vacation?
