

READ THE FOLLOWING TEXT : United Kingdom, three different nationalities but British

Britain: Three nationalities in one country

People from **Canada** are **Canadian**.
People from **Japan** are **Japanese**.
The Irish are from **Ireland**. And people from Britain are ... British, right?

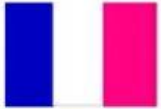

Yes, they are! But it isn't that **simple**.
They're also **Scottish**, **Welsh** or **English**. It **depends** on the country where they're from. So be **careful**! **Remember**: people from **Scotland** or **Wales** are *not* English, OK?
The **English** are from **England**!

Legend:

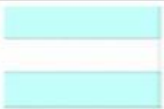

- England
- Wales
- Scotland
- Northern Ireland

Britain = Great Britain
The **United Kingdom** = Britain and **Northern Ireland**
