

# Guided Practice

1. Find the time interval of a movie.  
Use the number line.

Start Time (P.M.) End Time (P.M.)

**Talk MATH**  
Khamis took a nap at the time shown and woke up at 1:30 P.M.  
Explain how you can find how long he slept.

\_\_\_\_\_ minutes + \_\_\_\_\_ minutes = \_\_\_\_\_ minutes, or  
\_\_\_\_\_ hour and \_\_\_\_\_ minutes.

**LIVE** **LIVEWORKSHEETS**
