Know Your Books

Draw a line to match the book or book part with its description.

dictionary

a book of words and their synonyms (and in many cases, also their antonyms)

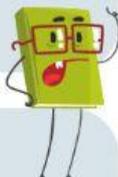

index

a list of a book's chapters and their starting page numbers, arranged from beginning to end

table of contents

a book that gives the meanings (and, often, also the pronunciation) of words

thesaurus

a list of names or topics given in alphabetical order and showing where each is to be found
