

# Unit of Inquiry Homework

**Complete the text by dragging in the correct words from the box on the right.**

Reduce means making \_\_\_\_\_ waste.

Using \_\_\_\_\_ batteries in your toys reduces the amount of \_\_\_\_\_ we make and saves money. Also buy items with less \_\_\_\_\_.

Reusing things saves \_\_\_\_\_ too.

Why not buy a \_\_\_\_\_ hand bike? You could then \_\_\_\_\_ your old bike to \_\_\_\_\_ or have it fixed and \_\_\_\_\_ it.

If we can't reduce or \_\_\_\_\_ waste, we should \_\_\_\_\_. By recycling \_\_\_\_\_ we save our Earth's \_\_\_\_\_ and \_\_\_\_\_ the amount of waste going to landfill.
