

## Pollution: Light and Noise

Choose the correct option and fill-in the blanks

Streets that have a lot of people and cars passing through are described as having a high level of \_\_\_\_\_ *thoroughfare/ailments*<sup>1</sup>. Residents of these types of streets can suffer from \_\_\_\_\_ *road users/disrupted sleep*<sup>2</sup> due to light and noise pollution at night. The high level of pollution and disturbance regularly experienced can cause people \_\_\_\_\_ *charity/stress*<sup>3</sup> and anxiety as they struggle to deal with the problem, and in more extreme cases, people may even suffer from \_\_\_\_\_ *depression/donation*<sup>4</sup>. Governments and authorities often try to reduce light and noise pollution so people do not experience these \_\_\_\_\_ *ailments/sleep deprivation*<sup>5</sup>.
