

Basics of a volcano worksheet

1. In the diagram below is a picture of a volcano. Use the words below to fill in the missing labels:

Magma Chamber, Crust, Main Vent, Side Vent, Crater, Lava, Ash and Gas cloud.

2. Match up the key words with their correct definition:

Magma Chamber	A secondary leaving point for the magma
Crust	Where the lava and ash cloud comes out from
Main Vent	Volcanic gases which escape through the main vent
Side Vent	Outermost layer of the earth
Crater	Where the magma is stored in the volcano
Lava	Molten rock which is given off when a volcano erupts
Ash and Gas cloud	The main leaving point for the magma
