

We are a happy family

My name is Sam. We live in a village in the mountains. Our house is made of tree trunks. It is great. Mother collects plants and dries them. She makes small bags of tea and she sells them at the market. We also collect nuts and father makes oil. We make delicious salads with this oil. I usually have to help with the housework. I tidy my room every day and feed the animals. My sister Jenny doesn't have much work to do. She has to wash the dishes and learn. She has important exams this year.

1. Answer the questions:

How many members does Sam's family have?

Who has to feed the animals?

Who has more work to do, Sam or Jenny? Why?

Who is Jenny?

2. Fill in the sentences with 1-3 words:

Sam every day.

Mother sellsat the market.

Father from the nuts he collects.

The family lives

3. Ask questions.

The yellow words in the text are the answers.
