Hello, My name is Nick and I am twelve years old. My family and I are from London but our hometown is Birmingham. My mother is a doctor. She works at a hospital in London. She has got a small car but she can't drive it very well. My father has got a job at a school near our house. He is an English teacher. He has got two laptops but he can't use them very often. Because he hasn't got any time.

I have got a sister and a brother. My sister is sixteen years old. Her name is Jessica. She is a student at a high school. Her hobby is singing. She likes singing and she always sings. My brother is four years old. His name is Kyle. Kyle has got a lot of toys. He is very clever but he can't read yet. I like playing with him.

We have got a big house in London. It has got a beautiful garden. It is big and very nice. I play there with Sam. Sam is my pet. It is a really smart dog because it can understand me.
