

# I LOVE ONIONS!

**Pre-listening** - How many onion dishes can you name?  
(onion soup, steak & onions, onion dip, onion rings, onion omelet,  
onion salad, etc.)

**Listening** Listen to the song and circle the correct words

I don't like snails or toads or hogs / frogs

Or strange things living under logs / bogs

But mmm, I love onions

I don't like to dance / sing with Crazy Ted

He's always jumping on my head / foot

But mmm, I love onions

**CHORUS** Onions, onions, la la la

Onions onions ha ha ha

Root doot doot doot doot doot doot

I don't like rain or snow or clouds / hail

Or Moby Dick the Great White Shark / Whale

But mmm, I love onions

I don't like shoes that pinch your fingers / toes

Or people you squirt me / you with a garden hose

But mmm, I love onions!

**SPOKEN**

Onion is a tuberous fruit / vegetable and is a member of the genus "Stinkus Delicioso". It was highly prized by the ancient Roman / Egyptian pharaohs and their friends and cousins. It causes watering of the ears / eyes and rubifaction of the skin, but it is very, very delicious / tasty
