

# FILLING A PROFILE

## Me and my friend:

1) Fill the profile with **your data**:

|                                                                                                                                                                                                  |                                                                                                                                                                      |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ul style="list-style-type: none"><li>• NAME: <input type="text"/></li><li>• SURNAME: <input type="text"/></li><li>• AGE: <input type="text"/></li><li>• COUNTRY: <input type="text"/></li></ul> | <ul style="list-style-type: none"><li>• Favourite FOOD: <input type="text"/></li><li>• DRINK: <input type="text"/></li><li>• DESSERT: <input type="text"/></li></ul> |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|

2) Now, write about **a friend**!

|                                                                                                                                                                                                  |                                                                                                                                                                      |
