

# Hello song

How many ways can you say ☐

How many ways, do you know?

I think I know maybe ☐

Will you please say hello to me?

Say, Hello! It's like an echo,

Say Hi! Like the ☐ in the ☐

There's just ☐ more we can fit in,

It's when you ask "How are you doing?"

It's when you ask "How are you ☐"

DOING
