

PONAVLJANJE GRADIVA IZ MOJE OKOLINE

Bodovi

1. Planine su _____
_____ **2**
2. Niži od planina su _____ i _____. **1**
3. Prema visini planine dijelimo na _____, _____ i _____. **1,5**
4. Zaokruži tačan odgovor!
Na geografskoj karti planine su prikazane: Što su planine više, boje su:

a) plavom bojom	a) tamnije	1
b) zelenom bojom	b) svijetlije	
c) smeđom bojom		
5. Nabroj bar četiri planine u našoj zemlji!
_____ **2**
6. Šta se sve nalazi na planinama? _____
_____ **2**
7. Ko su planinari? _____
_____ **2**
8. U šumi, biljke čine nekoliko slojeva ili spratova. To su: _____ i _____
_____. **1,5**
9. Po godovima se određuje _____. Jedan god označava _____
_____. **1**
10. Imamo dvije vrste drveća, to su _____ ili _____ i _____
_____ ili _____. **2**
11. Voda je tekućina _____. **1**
12. Koja su to tri agregatna stanja vode? Navedi po jedan primjer za svako agregatno stanje!
 1) _____ (_____);
 2) _____ (_____);
 3) _____ (_____). **3**
13. Zaokruži DA ili NE!

Vode koje teku su stajaće vode.	DA	NE	2
Rijeka je voda tekućica.	DA	NE	
Izvor je udubljenje koje je napravila rijeka ili potok.	DA	NE	
Vodotok je mjesto gdje se potok ili rijeka ulijeva u drugu rijeku, jezero ili more.	DA	NE	
14. Dopuni!
Vodotok je put tekućice od _____ do _____. Potok ili rijeka koja se ulijeva u

drugu rijeku je _____. Sve tekuće vode imaju _____.
 Udubljenje koje je napravila rijeka ili potok je _____. Mjesto gdje voda počinje teći je _____.
 U stajaće vode spadaju _____, _____ i _____.
 Jezera mogu biti _____ i _____ 6
 _____.

15. Voda je životna zajednica. Navedi po dva primjera živih bića čije su stanište tekuće i stajaće vode!

RIJEKE I POTOCI: _____

JEZERA I BARE: _____

2

MORA: _____

Ukupno bodova: 30 Osvojeno bodova: _____

Repetition of material from my environment

Points

1. The mountains are

2

2. Lower than the mountains are _____ and _____.

1

3. According to the height of the mountain we divide into _____, _____ and _____.

1.5

4. Round the correct answer!

The geographical map of the mountains shows: The higher the mountains, the colors are:

a) blue color

a) darker

b) green

b) brighter

c) brown

1

5. At least four mountains in our country!

2

6. What is in the mountains? _____

_____ 2

7. Who are the Mountaineers?

_____ 2

8. In the forest, plants form several layers or floors. These are: _____, _____ i
_____. 1.5

9. By age, _____ is determined. One whatever signifies
_____. 1

10. We have two types of trees, they are _____ or _____
and

_____ or _____. 2

11. Water is liquid _____. 1

12. What are the three aggregate states of water? Give one example for each condition!

1) _____ (_____);

2) _____ (_____); 3

3) _____ (_____).

13. Round YES or NO!

Flowing waters are stagnant waters. YES NO

The river is water flowing. YES NO

The source is a well made by a river or stream. YES NO

A watercourse is where a stream or river flows into another river, lake or sea. YES NO 2

14. Supplements!

A watercourse is a fluid path from _____ to _____. A stream or river that flows
into

the other river is _____. All running water has _____.

The recess made by the river or stream is _____. Where the water begins to flow 6

is _____. The stagnant waters include _____, _____, _____
and

_____. Lakes can be _____ and _____.

15. Water is a living community. Give two examples of living creatures whose habitat is running and stagnant water!

Rivers and streams: _____

LAKES AND BARS: _____

2
