

This is how Alia got the information she wanted from the books.

First, she looked at the **contents page**. The contents page comes at the front of a book. It tells you what sections a book is divided into.

Read and answer these questions about the contents page.

1. What page does the section on Ferdinand Magellan start?

2. What is section 5 about?

3. What section has information about Ibn Battuta?

4. What starts on page 45?
