## My Birthday

Last Friday was my birthday, but I decided to celebrate it \_\_\_\_ Sunday \_\_\_\_ night. Everybody were having fun \_\_\_\_ the living room. We order pizza and my sister bake a delicious birthday cake. My friends brought a big box decorated with colorful papers and they put it \_\_\_\_ the dinning room's table. We were having a lot of fun and then, my sister remebered the sanitary restrictions that start \_\_\_\_ 9:00 pm \_\_\_\_ 5:00 am, so we could not sing the "Happy Birthday" song nor eat cake.

I was very sad, but then I remembered that I have to work the next day \_\_\_\_ the hospital and went to sleep.

Even though we could not celebrate my birthday, we will celebrate it next week \_\_\_\_ Christmas morning by going to Manuel Antonio.
