

Operaciones combinadas de sumas y restas n°2.

$$26 + 5 - 10$$

Diagram showing the sequence of operations for $26 + 5 - 10$. Two boxes are connected by a plus sign, and their result is then subtracted by 10 in a third box.

$$74 - 4 + 25$$

Diagram showing the sequence of operations for $74 - 4 + 25$. Two boxes are connected by a minus sign, and their result is then added to 25 in a third box.

$$15 + 13 + 21$$

Diagram showing the sequence of operations for $15 + 13 + 21$. Two boxes are connected by a plus sign, and their result is then added to 21 in a third box.

$$97 - 41 + 32$$

Diagram showing the sequence of operations for $97 - 41 + 32$. Two boxes are connected by a minus sign, and their result is then added to 32 in a third box.

$$44 + 32 - 25$$

Diagram showing the sequence of operations for $44 + 32 - 25$. Two boxes are connected by a plus sign, and their result is then subtracted by 25 in a third box.

$$31 + 58 - 43$$

Diagram showing the sequence of operations for $31 + 58 - 43$. Two boxes are connected by a plus sign, and their result is then subtracted by 43 in a third box.
