

Animal Groups

Group Member Names:

Animal:

Directions: Type in each **participating** group member names and include the animal of your choice. We will answer the questions using what we already know AND using google for additional information.

Animal Ideas: Hippos, Giraffes, Zebras, Elephants

1. What is the name of your animal group? Example: Dolphins swim in PODS.

2. How do your animal group hunt for food? Example: Dolphins circles a group of fish to get them all together in one place while others eat the fish, taking turns.

3. How many of your animals are in a group? Example: Pods of dolphins contain 2-30 dolphins.

4. List the benefits of your animal living in a group.
